

Part No. PAR-24VAC 12A16

1.5 U Rack mount
12A16 Channel CCTV Power Supply

Features

- (12A16) 2 x 8 individually fused outputs (PTC)
- Dual modular redundant design
- Short circuit, high temperature protection
- External LED indicator for each channel, blue for normal operation, red for fault condition
- External power on/off switch for each of the 8 Channels
- Power cable supplied - no hard wiring
- Strong metal cabinet with rear cable access for easy installation
- 2 year warranty
- *AS/NZS61588 approval
