

## Waterproof UPS For Mobile DVR

Work Model	Output Voltage and Consumption
Normal Model	Output voltage:DC8V-36V (UPS not working)
UPS Model	Output voltage:DC14.8-16.8V (UPS is working)
UPS Battery Capacity	2200mA
UPS Consumption	32.5Wh

Connection as below:

1: MDVR connection without UPS:

2: MDVR connection with UPS:
